October 9, 2026

SPECIAL MEETING OF THE BOARD OF THE OF DIRECTORS OF MILLVILLE MASONIC & ODD FELLOWS CEMETERY DISTRICT

A special meeting will be held Thursday, October 15 at the District office. The meeting will begin at 6:00 pm and will address several time sensitive subjects.

The following will be on the agenda:

1. Time will be set aside for members of the public to address the board.
2. Examining the ballot for the candidates to be elected to LAFCO (Local Agency Formation Commission) as representative of Special Districts.
3. CalPERS Health insurance response.
4. Signing County of Shasta signature authorization sheet.
5. Training required by the state at the GSRMA MEET AT Rolling Hills Casino.
6. Adjournment.

Re: Election for Special District Seat on Shasta LAFCO Commission

Hi Tim, thank you for speaking with me. Per our phone conversation, I am hoping the attached item will be on the Millville Cemetery District Board's (Board) agenda for their upcoming special meeting on Thursday October 15th at 6:00pm. I plan to come to your meeting. Please let me know if the date or time changes.

Please share the information below with each of the members when you have time or please see that it is included in the Board packet, thank you.

I am currently your District's representative on the Local Area Formation Commission (LAFCO) and have been for the past close to four years. During that time, I have been vice chair, and I currently serve as chair of the Commission. I am presently running for re-election, and I would like to encourage your Board to vote for me for a second term, as I would like to continue my work with LAFCO.

For those who may not be familiar with LAFCO, it is a seven-person commission with two county supervisors, two representatives from city councils, two representatives from special districts (of which I am currently one), and one public member. The Commission deals with such things as: annexations, multiple service reviews (MSR's), and sphere of influence (SOI) changes.

Almost every project that the Commission reviews and approves involves one or more special districts, which makes special district representation on the Commission very important. During

my tenure on the Commission, the city representatives wanted to increase the number of city seats on the Commission to three, so that each of the three cities in the county would have a seat on the commission. I worked during several meetings to get the Commission members to agree that if we did move forward to increase the number of city seats, we would also increase the number of special district seats to three, since it is so important that the special districts are represented properly.

In addition, my opponent is from Burney, and our other current sitting special district representative is also from Burney. In my opinion, it would be best for the Commission to have the second seat held by someone outside of Burney, in the interest of having more diverse representation and opinions on the Commission.

I would be very happy to speak with or schedule a time to meet with any Board members who are interested. I can be reached at (707) 616-5500.

If you have any questions, please let me know.

Sincerely,

Ronnean Lund, Chair of Shasta County LAFCO

BURNEY FIRE PROTECTION DISTRICT

September 24, 2026

To Whom It May Concern:

My name is Brian Howard Harris, and I was born and raised in the Burney area. I have lived in Burney for more than 30 years and have a strong connection to the Intermountain Area and the communities that make up eastern Shasta County.

I began my career in the fire and emergency medical services field with the Burney Fire Department in 1992. I taught in the Paramedic Program at College of the Siskiyous for several years, providing education and training to future emergency medical professionals. In 2008, I began working for the Chester Fire Department in fire and emergency medical services. I continued serving the community throughout my career and officially retired in 2021 following the Dixie Fire.

I have been married for 38 years and have raised two children, both of whom have pursued careers in the medical field. My family and professional experiences have provided me with a strong understanding of the importance of essential services and the unique challenges faced by rural communities.

I currently serve as a board member of the Burney Fire Protection District. Through my service on the Board, I have gained additional experience in public agency governance, budgeting, policy development, and the challenges involved in providing essential services to rural communities.

I would like to be considered for appointment to the Shasta County Local Agency Formation Commission (LAFCO). Having lived in Burney for more than three decades and having spent my career serving communities throughout the region, I would provide a strong voice and representation for the Intermountain Area on LAFCO.

I believe my experience in public service, emergency services, education, and special district governance would provide a practical perspective to the Commission. I understand the importance of responsible planning, coordination among local agencies, and maintaining essential services for rural communities. I would welcome the opportunity to bring the perspective of the Intermountain Area to LAFCO and participate in decisions affecting the future of communities throughout Shasta County.

Thank you for considering my interest in serving on the Shasta County LAFCO. I would appreciate the opportunity to discuss my qualifications and interest in serving on the Commission.

Respectfully,

Brian Howard Harris
Board Member,
Burney Fire Protection District
